ITSA

The Insolvency and Trustee Service Australia is the government agency responsible for the administration and regulation of the personal insolvency system in Australia.

ITSA operates the bankruptcy registry, where debtors petitions are lodged, debt agreement proposals are processed and public records on insolvency are maintained, and acts as a trustee in bankruptcy.

Official Receivers exercise powers to assist trustees to obtain information and recover property. ITSA investigates possible offences under the Bankruptcy Act and prepares briefs of evidence for prosecution.

Use of wildcards is highly recommended to ensure you receive the best possible match(s) to your search criteria when conducting a bankruptcy search.

Use the * or % sign to perform wildcard searches either within or after a Surname or Given Name (e.g SM*SON searches for all names beginning with SM that include SON or SM* for names that begin with SM)

Please use the * or % sign to perform wildcard searches when the full name is not known. (e.g **Given Name:** Glenn% **Surname:** Smith%)
